CONSOLIDATION OF SERVICES PLAN

PAST COOPERATIVE ACTIVITIES

The Village in cooperation with Ovid and Middlebury Townships operated the Maple Grove Cemetery. We estimate this cooperation saves the village over \$10,000 per year.

The Village in cooperation with Ovid and Middlebury townships operates the Ovid-Middlebury Emergency Services Authority which provides emergency fire and ambulance services to residents of the village and the two townships. The Authority is financed by a voted millage of 2.25 mills.

The Village has Mutual Aid agreements with the Clinton County Sheriff's Department and the Village of Elsie to respond to other's need in police operations. This cooperation improves the safety of our community.

The Village has an agreement with City of St. Johns to share services of the village's sewer camera in exchange for water testing and Lagoon Analysis testing at City of St. Johns Laboratory. Cost savings to the village is over \$2,500 per year.

The Village also is in a joint ownership of a Leak Detector with five (5) other entities. They are City of Ithica, Carson City, Village of Elsie, City of St. Johns and Village of Ovid. This saved the village around \$1,000.

NEW COOPERATIVE CONSOLIDATIONS:

The Village of Ovid will enter into a cooperative agreement with the Ovid-Elsie School District and the Village of Elsie to purchase supplies and materials together. Estimated savings are \$5,000 per year for the Village of Ovid.
